

CTCD-3BT CLEANING INSTRUCTIONS

CARE & CLEANING

Thoroughly clean the cone dispenser weekly. Spot clean the cone dispenser daily to remove cone pieces and finger prints on clear cover.

Cleaning Procedure:

Remove dispensing plate by pushing cones in dispenser and sliding plate up.

Cones may slide out of dispenser while lifting up baffle plate.

Remove cones and place in sanitary holder for reloading.

Clean all parts and inside of dispenser with Soap and Water (no bleach or abrasive material which will scratch clear cover).

Thoroughly dry all parts before installing baffle dispensing plate and cones.

Spot Clean:

Remove crumb tray and wash with soap and water.

Wash clear cover with soap and water (Do not use bleach or abrasive material)
